DAY ONE: 7:00 AM Depart this morning for the scenic Hudson River Valley. Arriving in late morning at Hyde Park, you'll initially visit the ***Franklin Delano Roosevelt Library and Museum and the FDR Home***. Both of these sites include so much information about FDR's upbringing, his storied relationship with his mother, and, of course, a complete review of his Presidency from the very beginning to his death in 1945. There is a nice café at the Library where you'll be able to enjoy lunch (on your own). After this visit, you'll arrive at your hotel in Fishkill, New York. ***A wonderful Dinner is included this evening.***

DAY TWO: Today, after a full course BREAKFAST (included), you'll board your coach to tour of the United States Military Academy. ***A native West Point tour guide will show you all the historic sights, including West Point's famous Museum, showing the U.S. Army's warfare and weapons over time. You'll then enjoy a delicious LUNCHEON at the West Point Officers' Club, located on the grounds of the Academy.*** The West Point Club Buffet features Assorted Relishes, Garden Salad, a choice of Entrées, Potatoes and Vegetables with Dessert and Beverage. ***Then sit back and enjoy a narrated cruise from along the Hudson River, itself a storehouse of historic events as well as being most scenic. Henry Hudson's famous discovery cruise occurred over 400 years ago and he sailed right along the route that you will travel today.*** You'll arrive home at approximately 7:30 PM after a delightful visit to New York's Hudson Valley.
